## A Brain Twister

From our own locality comes a twister that makes ones head swim when they try to figure the possible relationships of the members of Wm. Isaacson's family's families.

On January 10th, 1939 his daughter Jayne was married, Ralph married October 11th, 1939, Wm. Isaacson was married again on May 4th, 1940 and Leonard married July 14th, 1940. A son was born to Jayne on April 5th, 1940 and a son was also born to Mr. and Mrs. Ralph Isaacson on July 21st, 1940.

Thus in 18 months four marriages and 2 births took place in this family.

Ralph married his step-mother's half sister—i. e. his aunt by his father's marriage, in other words his aunt. Mrs. Ralph Isaacson's full sister, Unice Piegrass, 8 years old is Ralph's aunt and also his infant son's aunt.

When you have all the possible relationships in this family figured out, let us know—we gave up.

## War Victims Safe in Canada

—Canadian Pacific Photo.

Innocent victims of a war in which their fathers are playing a noble part, these youthful evacuees from England arrived unaccompanied in Montreal after an uneventful journey by Canadian Pacific services. In Windsor Station, Montreal, the young Britons showed deep interest in the railway's War Memorial commemorating the death of Canadian Pacific soldiers of a generation ago—many of them fathers of the Canadian Pacific employees who are today bringing the youth of England safe by land and sea from the horrors of Hun air raids.

## Carmangay Stampede A Success

At a meeting of the Stampede Association last week the financial statement for this year's operations was read, it was a very satisfactory one, showing a surplus of \$381.72. The local Red Cross was voted the sum of \$100. Then after discussion, \$200. was set aside for War Savings certificates and \$50 to the Community hall the balance held for incidental expenses. Delegates were named to attend the Stampede Manager's Association. President Hubka and secretary J Davey Jr. The management were congratulated on the handling of this year's affair.

Mr. and Mrs. Bud Moore and son Billy are visiting with Mr. and Mrs. Bob Henson, Jr. at Turner Valley.

The Ladies' Social Credit group surprised Mrs. Peter Dawson on Wednesday evening when they "dropped in" to celebrate her birthday. Mrs. Dawson was presented with a lovely gift after which a dainty lunch was enjoyed.

## Carmangay

Mr. and Mrs. Sid. Thompson had as their guests, Mr. and Mrs. Foster Thompson of Edmonton.

Mrs. Collier of Lethbridge is visiting at the home of her son, Sid, Collier.

Miss May Thompson of Seattle has enjoyed a short vacation at the home of her relatives, Mr. and Mrs. H. Morrison.

## Wedding

### Isaacson—Jensen

A quiet wedding was solemnized at Claresholm on Sunday, July 14th, at the home of Bishop Miller, who officiated, when Miss Wanda Jensen, second youngest daughter of Mr. and Mrs. Chris Jensen of Cardston, became the bride of Mr. Leonard Isaacson of Lethbridge, son of Mr. William Isaacson and the late Mrs. Isaacson of Champion. Only immediate relatives were present. Mr. and Mrs. Isaacson have taken up residence in Lethbridge.

Friday night (tonight) the Ambassadors will play for a dance in the Champion community hall. This Lethbridge orchestra needs no introduction in Champion. Horace Gill assures us that their charming vocalist will accompany them. So make it "Town Hall tonight."

### Good Eyesight An Essential

It is common knowledge that for the soldier good eyesight is an essential. The man in a dangerous situation calling for prompt action is seriously handicapped if his eyes fail him. This is true in any walk of life. The individual otherwise in good health but with impaired vision cannot act with the confidence—say, in street traffic—that perfect eyesight would permit. And the soldier is in constant peril.

Writing in the Canadian Journal of Optometry, Mr. Edward Bind, secretary of the Ontario association, who served in the Canadian Eye Hospital in England during the last war claims that the ordinary chart test, used in the last war and so far in this, "does not provide sufficient information regarding the soldier's visual efficiency;" that there may be present pathological conditions which might unnecessarily endanger the soldier's life; "Any condition causing contraction of the visual fields or night blindness might well come under such a classification."

The importance of proper vision of course is not confined to military occupations, but every boy and girl who is attending school and persons working in the offices.

Now is the time to check up on your eyes, which has a direct bearing upon your general health.

# BEER

## IS A NATURAL PART OF GRACIOUS, MORE SENSIBLE LIVING

More and more people have found mod-

relax and enjoy themselves. And that is  
one thing about BEER—it's a leisurely  
kind of beverage—a natural part of  
gracious, more considerate living.

### How Can I Help Win The War? Read This.

These are strenuous times for  
Canadians, each doing his or her best  
to assist Canada in its war effort,  
nevertheless there are times when the  
question is asked "What more can I  
do?" An easy and effective way to  
solve this problem has been suggested  
by D. Leo Dolan, Chief of the Can-  
adian Travel Bureau—just sit down  
and write a few lines to friends and  
relatives in the United States inviting  
them to spend their vacations in  
Canada. Never before in Canada's  
history have American travellers been  
more welcome in the Dominion. Just  
let them know they can ramble about  
and enjoy our sports, our National  
Parks, the romance of our cities and  
the fresh beauty of our countryside  
as freely and fully as in the days of  
peace. Advise them of the benefits  
which are theirs through a situation  
which enhances the value of United  
States currency. Impress upon them  
the fact that the war has created  
no new restrictions regarding entry  
and departure from Canada. Remind  
them that, as in the past, there is the  
opportunity to spend happy carefree  
days in this lovely land where  
neighborly hands are always ready  
with the handshake of friendly  
welcome.

In this strange war that is upon us  
it is curious that the tourist trade, a  
peaceful, happy business which is as-  
sociated with the brightest side of life,  
should become an important cog in  
the wheels of strife. Canada in the  
prosecution of its efforts to bring  
peace and justice again to the world  
requires vital machines and equip-  
ment which must be purchased across  
the border. These must be paid for in

U. S. currency and to obtain these  
dollars we must sell them something  
worth their money, and what more  
worthwhile is there than a vacation  
in Canada. The American tourist  
dollar spent in Canada returns to the  
United States for the purchase of  
materials and equipment. It creates  
more jobs for more people. Many of  
these people will, no doubt, then be  
able to enjoy our Canadian hospi-  
tality.

The Prime Minister and other  
prominent officials have issued  
cordial invitations to residents of the  
United States to visit our country.  
The Canadian Travel Bureau has con-  
ducted an intensive and effective  
advertising campaign designed to at-  
tract tourists to the Dominion. Fast  
moving events, however, have created  
a situation where many prospective  
tourists are undecided whether to  
carry out or abandon their vacation  
plans for this year. Your personal  
note of assurance that all is well in  
Canada, that the highways are  
smooth, the golf courses green, and  
the fish biting, may be the deciding  
factor in drawing visitors to Canada.  
It requires but small effort to write.  
Do your bit today.

### Elevator Firms Amalgamate

The announcement elsewhere in this  
issue by the National Grain Co., Ltd.,  
is of great interest to grain growers  
in this district.

This consolidation brings under  
single management three of the  
oldest, well known Line Elevator  
organizations, operating a total of  
100 elevators distributed over practi-  
cally every grain growing section of  
Western Canada, together with the  
Grand Trunk Pacific terminal at Fort  
William with a capacity of five and  
three quarter million bushels.
